

## TECHNICAL BULLETIN: AIRTRONIC AX3 FUEL SPIGOT CONNECTOR

Due to an increase in the fuel spigot diameter on the latest range of AX3 heaters, there is a different fuel spigot connector supplied in the new AX3 kits. This is identified as item 9 on page 33 of the latest technical description (highlighted below).

Please ensure that this new connector is orientated correctly, with the larger diameter (Ø4.5) fitted to the heater fuel spigot, and the smaller diameter (Ø3.5) fitted to the blue fuel line.

- 1 Fuel return line, vehicle tank
- 2 From the vehicle engine
- 3 T-piece, 8-4-6
- 4 Metering pump
- 5 Fuel pipe, 4 x 1 (di = Ø 2 mm)
- 5\* **Airtronic S3 B2L:**  
Fuel pipe pressure side, 4 x 1.25 (di = Ø 1.5 mm)
- 6 Optional: Fuel pipe, 6 x 2 (di = Ø 2 mm)
- 7 Fuel hose, 5 x 3 (di = Ø 5 mm)
- 9 **Adapter, Ø 4.5 / 3.5**
- 10 Fuel hose, 3.5 x 3 (di = Ø 3.5 mm), approx. 50 mm long
- 11 Fuel hose, 5 x 3 (di = Ø 5 mm), approx. 50 mm long
- 12 Connection socket da = Ø 4 mm
- 13 Fuel filter – only required for contaminated fuel.
